Forecast for Tuesday 20 Jul 2021

Weather: Mainly clear overnight, some cloud building at times around the far west. Perhaps some cloud in the morning especially for ranges near any west coasts but generally dry and bright for all ranges, feeling very hot walking at times and strong UV levels. Low cloud pushing in from the east later in the evening affecting Callander, the Trossachs and east of Tyndrum.

Chance of cloud free mountain/hill tops above 800m: 95%, perhaps some patches of cloud around the far west and ranges on the Isles in the morning and in the east by early evening.

Visibility: Generally very good or excellent for all ranges, patches of cloud may fall to 700m for the island ranges in the morning and scattered low cloud with a base of 500ft affecting eastern ranges from the evening.
